The Vice-Chairman, in charge, Municipal Council, Mangalore.

Sir,

The following case is recommended to Government for the exemption from the operation of Rule 8 of the Building Rules.

The Honorary Secretary of the Ishwarananda Mahila Sevashram Society has constructed a compound wall in T.S. No. 227-1/2 of 15th ward. The compound in question abuts two roads - Kadri Road and the Bunt's Hostel Road. The compound is on a higher level than the road and the wall put up measures about 10 feet from the level of the road and about 7 ft from the level of the compound. But G.O. No. Ms. 662 P.H., dated the 22nd February 1940, permits

the compound walls up to a height of only 3 feet from the compound level, and six feet from the road level, whichever is higher. The Sevashram Society is a public institution, housing girls, even grown up ones and it is felt that a compound wall of the height already put up is necessary to prevent mischief by staring. The Ramakrishna Hostel is opposite to the Sevashram.

As already stated the compound abuts on two roads and as the junction of these two roads has been the seat of many accidents the council has resolved to round off the corner. The Society has been requested to part with the required land fee free of cost and the Society is being addressed. The Council in its resolution No.51, dated the 18th December 1940 has resolved to round off the corner and has also recommended to Government to grant license for the compound wall. A copy of the above resolution is enclosed. I request Government may be pleased to relax the rule and permit the grant of a license as a special case.
